

Resources and Helpful Links for CCPS Students 2020-2021 School Year

- The MEGA Mentors Technology Committee has created a [Chromebook Basics](#) website for parents and students. This site includes information related to initial log-ins, student usernames and passwords, accessing learning applications the school division will use, obtaining Chromebook support, and fixing connection issues. We hope this site will help as students and families prepare for the September 8 launch of virtual learning.
- Please see our FAQ document for frequently asked questions: "[Project Restart - Return to Learning - Parent FAQs](#)" If you have additional questions, feel free to submit them using the following form and we will add the responses to the FAQ document: [Parent Questions - Fall 2020](#).
- Important technology links:
 - Service Desk sites/times: <https://mychesterfieldschools.com/chromebook-support-hours/>
 - Chromebook FAQ: <https://sites.google.com/ccpsnet.net/cb-basics/home>
- The application to apply for free/reduced priced meals is now available online at www.myschoolapps.com. Families are encouraged to apply not only for the school meal benefit if qualified, but for any other benefits various agencies may provide families if their students are eligible for free school meals.
- Please see the attached supply list. We have added a section at the top for virtual learning. These are the supplies that will be needed during virtual instruction. The supplies listed below the virtual instruction box are the ones that will be needed when we are able to return to in-person learning. Please note that the notebooks and binders listed under the virtual section are the same ones that will be used in those classes during in-person learning. There is no need to duplicate these. [Supply List 2020-2021](#)
- Immunization requirements have not been waived for the 2020-2021 school year. The VDH provides [School Immunization Requirements](#). The Code of Virginia requires that children receive a comprehensive physical examination ([§ 22.1-270](#)) within 12 months prior to the start of school and be adequately immunized ([§ 22.1-271.2](#)) before entering public kindergarten or elementary school. Other required immunizations include Human Papillomavirus (HPV) for girls entering sixth grade; and a Diphtheria, Tetanus, and Pertussis (Tdap) booster for entry into seventh grade. These requirements have NOT been waived and families are encouraged to make a wellness appointment with your health-care provider and get your shots updated. Due to the COVID-19 pandemic, your health-care provider may be providing wellness appointments at limited times, so please don't wait to make your appointment.
